September Pedicure Special

Apple Cider Pedicure

Say hello to fall! Enjoy an aromatic foot bath while we care for those nails and cuticles. A vigorous exfoliation is followed by more targeted foot smoothing, especially around the heel and other problematic areas. Then, settle back and make yourself comfortable for a relaxing foot and leg massage. We end with your choice of polish color.

FALL INTO RELAXATION

BENEFITS OF DEEP TISSUE MASSAGE

Deep tissue massage is a type of massage therapy that concentrates on the deep layers of muscle in the body. By using deep finger pressure and slow, firm strokes, deep tissue massage is used to treat a variety of ailments. Similar to Swedish massage, deep tissue massage therapy uses deeper pressure to relieve muscle tension and focuses on the deepest layers of muscle tissue, tendons and fascia.

Deep Tissue Massage can be used in a variety of applications such as:

- Releasing tight, contracted muscle tissue
- Pain reduction
- Improving blood pressure
- Breaking up scar tissue
- Rehabilitating injured muscles
- Relieving stress
- Improving flexibility and range of motion
- Encouraging relaxation

LASER HAIR REMOVAL

Laser Hair Removal

Laser hair removal permanently eliminates unwanted hair from your body and can include removing hair from the face, arms, underarms, bikini area and chest, legs and back. Laser hair removal is now available for most skin types.

Schedule a free consultation to determine if you are a good candidate for the procedure.

How Does Laser Hair Removal Work?

Highly concentrated light energy from the laser is used to target and destroy hair follicles responsible for hair growth without harming surrounding tissue. The pigment in these follicles absorbs the light which destroys the hair. This results in permanent hair reduction that's fast, easy and FDA-cleared.

Typically 8-10 treatments are required to achieve desired results. Several factors, including skin type, area of body being treated and hair color will establish the treatment plan outlined by our certified technicians.

During treatment, most people feel only a slight pinch at the treated area. Immediately following the treatment most people experience a mild, sunburn-like sensation, possibly accompanied by some minor swelling, which can last two to 24 hours.

HYDRATE YOUR HAIR

To keep your hair looking shiny and feeling healthy, you need to treat your hair. During the summer, our hair is often overexposed to the sun, causing it to dry out and appear dull. Now that fall is on its way, its time to restore life and moisture to your hair. By combining in-salon services and at-home treatments, hair can stay healthy and hydrated all year long.

Hydrating Shampoos & Conditioners - Choose a hydrating shampoo and conditioner, such as the Kevin Murphy **Hydrate-Me. Wash** and **Hydrate-Me. Rinse**, for dry, damaged hair in order to restore moisture and shine.

Leave-In Conditioners- A leave-in conditioner, such as Enjoy's **Conditioning Spray**, will combat frizz, hydrate, and strengthen the hair. Towel-dry hair, spray in, and brush through for silky, shiny hair.

Conditioning Masks- Use a conditioning mask, such as the Formula 18 **Hair Mask**, once a week for healthy, hydrated hair. Apply an even amount of product to the hair, concentrating on the ends, and leave on for 5-15 minutes for optimal results.
